

Thank you for booking !

Please note that Barton Grange Garden Centre has their own cancellation policy. Please **add the date to your diary**. Your cancellation requires a min. of **3 days notice** to qualify for your deposit to be credited for another class, as a one-off gesture. If you have pre-paid the full price, the balance can be used for another class, within 12 months. The majority of classes are age 16+, unless stated younger, if accompanied by an adult. Children should not cut tiles, but glass square tiles don't need cutting, but adults can help if needed. If you do not approve of **being photographed**, please let me know. Chrissy Webster reserves the right to use photographs for publicity, which is often just the artwork itself.

BRING: Reading glasses and a Carrier bag to take art home. Materials and tools are included, but you may want to personalise your work. With tempered glass mosaics, personal photos are fine. For indoor mosaics, plastic, glass or metal is fine, preferably not thicker than 6mm. But keep in mind that sun catchers are exposed to sunlight, fading plastic pigment -but slower than the rest of world that gets real sunlight! For garden mosaics, glass or rust proof metal is best, but a little rust can look shabby chic! If you're wearing light or smart clothes, then bring an apron (*most adhesives are safe and washable, but paints often aren't*). If you have dry or sensitive hands, let me know. Venues have a kettle except Hobbycraft and Barton Grange.
